FEEDING RECOMMENDATIONS:

Feed this Cana- Lix Horse 15% Lick Tub free choice to horses in conjunction with a high-quality forage or pasture. The consumption of this lick block supplement should be managed to 0.5 to 1.0 kg (1.1 to 2.2 lbs) per head per day depending on body weight or maturity. Provide an adequate number of blocks for each group of animals to obtain adequate consumption. Provide an unlimited supply of clean water.

CAUTION:

1. Directions for use must be carefully followed.
2. Do not use in association with another feed containing supplemental selenium.
3. Do not feed to sheep, due to possible copper toxicity.
4. Store in a dry area away from rodents and insects.
5. Do not feed moldy or insect- infested feed to animals as it may cause illness, abortion or death.

Individual results from the use of this product may vary due to management, environmental, genetic, health and sanitation differences; therefore, New Rosedale Feed Mill does not guarantee individual results.
