DIRECTIONS FOR USE:

Feed NR 17.0% Layer Plain Mash to commercial laying hens from the beginning to the end of the laying period. A laying bird will consume approximately 110-115 grams/bird/day of the mash. Contact your New Rosedale Feedmill representative for more specific feeding directions.

CAUTION:

Directions for use must be carefully followed.

Individual results from the use of this product may vary due to management, environmental, genetic, health and sanitation differences; therefore, New Rosedale Feed Mill does not guarantee individual results.
